

**University of Alicante Governing Council's decision on 13 March 2020, adopting preventive measures and public health recommendations concerning the university community as a result of the situation, evolution and forward planning relating to COVID-19**

In accordance with the decisions, circular letters and information issued by the Valencia Government, and in view of the situation, evolution and forward planning regarding this matter, the UA Governing Council

DECIDES

- To provisionally conduct online, as of Monday 16 March 2020, all official and UA study programmes, as well as any other activity taught in our classrooms by any external lecturers.
- The suspension, from the date of this decision, of all extracurricular, cultural and sports activities, and all non-degree courses and activities to be held both on-campus and off-campus.
- The articulation of all measures necessary to provide the required work-family life balance and protection of people in the high-risk groups, according to medical criteria. The people responsible for the UA services and centres may establish a system of on-site shifts for the staff assigned, so that the greatest possible number of employees work from home, and maintaining only on-site skeleton services.
- All instructions regarding the UA Online Teaching Plan: <https://pdc.ua.es>
- All health information is available on the Medical Service website.

University of Alicante President
